

I-PACK™

REDUCE ORDERING TIME | ORGANIZE INVENTORY | MINIMIZE PREPARATION

A Convenient Solution for Office Injections

The I-PACK™ Injection Kit delivers a convenient solution that streamlines the process of performing office injections. Packaged as a complete and sterilized kit, this all-in-one solution has everything you need, when you need it.

The I-PACK™ includes a handy plastic tray that also serves as a reservoir you can use for your povidone-iodine solution. Simply pour the solution into the compartment where it can be used for dipping cotton swabs.

The two additional compartments can be used for discarded vials, swabs and needles, making cleanup one simple step.
